

Texas Natural Gas Summit

Exhibitor	Types of Jobs Posted	Company Function
Ainsworth Trucking	Drivers	Full service oil field trucking, pipe storage and heavy hauling
Alamo Area Council of Governments	Administration, Energy Auditor, Services Coordination Technician	Resource for fleets who want information on alternative fuel
Anadarko	Administration, engineering, environmental, financial, geoscience, legal, marketing, operations, supply chain management	Among the world's largest independent oil and natural gas exploration and production companies
ANGI Energy Systems	Managers, technical salespeople, engineering, project managers, customer and compressor service representatives.	We are North America's leading supplier of CNG refueling equipment for natural gas vehicles and tube trailer transport.
Apache Corporation	Petroleum engineers, geologists, EH&S (environmental, health and safety), financial, accounting, IT and multiple levels of administrative support.	Natural gas exploration and production in the Permian, Anadarko and the Eagle Ford Shale Basins; operate 18 CNG fueling stations to support their fleet of 618 natural gas vehicles, as well as other companies' CNG vehicle fleets.
Atmos Energy	Accountants, technicians, public affairs managers, administrative assistants	One of the country's largest natural-gas-only distributors, serving more than 625 communities in Texas.
Austin Community College	Administrative staff, full time faculty and adjunct faculty.	Public, two-year college offering associate's degrees and certificates in more than 180 areas
Baker Hughes	Administrative Support, Assemblers (Electrical & Mechanical), CNC Machinists, Engineers (Drilling, Electrical, Mechanical, Manufacturing, Software), Technicians (Engineering, Gas Measurement, Geosciences), Finance, Geology, Geophysics, Information Technology, Mechanic, Project Managers (Oil & Gas), Scientists (Mathematical, Numerical, Statistical)	With 60,000 employees in more than 80 countries, Baker Hughes' local geomarket teams work side by side with customers to engineer reliable application-specific products and services that create more value from the reservoir whether the application is deepwater, unconventional hydrocarbons or production and water
Caterpillar Oil & Gas	Have a diverse array of jobs available for interns and recent grads, military veterans, experienced professionals, production and manufacturers, dealer technicians and more.	Manufactures power systems, parts and engines for oil and gas industry.
CenterPoint Energy	Engineers, Construction and Service Technicians, Accountants, Sales and Marketing Reps	Natural Gas Energy Providers

Texas Natural Gas Summit

Exhibitor	Types of Jobs Posted	Company Function
Chesapeake	Accounting, Administrative Support, Automation Technician, Electrician, Engineers (Drilling, Facilities, Production, Reservoir), Technicians (Engineering, Gas Measurement, Geosciences), Facilities Management, Finance, Geology, Geophysics, Information Technology, Land Administration, Mechanic, Production Management, Pumper, Analyst (Purchasing , Regulatory), Records Management, Region Landman, Roustabout	Second-largest producer of natural gas and the 10th largest producer of oil and natural gas liquids in the U.S
Clean Energy Fuels	Business development managers, project developers, operations supervisors, administrative assistants, sales representatives, engineers, technical support	Largest provider of natural gas fuel for transportation in North America, fueling over 35,000 vehicles each day at approximately 500 fueling stations throughout the United States and Canada. Build and operate compressed natural gas (CNG) and liquefied natural gas (LNG) fueling stations; manufacture CNG and LNG equipment and technologies; and develop renewable natural gas (RNG) production facilities.
Cummins Westport	Engineers	Designs, engineers, and markets 6 to 12 litre spark-ignited automotive natural gas engines for commercial transportation applications such as truck and buses
D&H/United Pump Supply	Sales, electricians, CNG installers	Sales, Installation and Service of CNG/LNG Fueling Equipment for Retail Facilities, Private Fleet Facilities, Drilling Rig Conversions, Frac Unit Conversions, Emergency Generator Conversions and other industrial high horse power applications.
Doggett Freightliner	Truck technicians and sales representatives	Sells natural gas medium/heavy duty trucks
Dresser-Rand	Engineering, Drafting, Numerical control programming, Manufacturing supervision, Marketing, Information technology	Provides a modularized, portable natural gas liquefaction plant to enable oil and gas companies to monetize stranded wells by converting to LNG for use in E&P equipment, and mining, rail and marine applications.

Texas Natural Gas Summit

Exhibitor	Types of Jobs Posted	Company Function
Ferus Natural Gas Fuels	Trucking and Logistics Operations, Facilities Management and Operations, Engineering, Accounting and Finance, Marketing and Business Development, Information Technology, Human Resources, Administration and Legal	Provides LNG/CNG supply and fueling options to the oil and gas industry, mining, rail and marine applications.
Ford Motor Company	Finance, IT, manufacturing, purchasing, engineering, legal, marketing and sales	Only manufacturer of CNG capable vehicles from Class 1 (Transit Connect & F-150) to Class 7 (33,000 GVWR) and all commercial vehicles in between.
Frac Shack America	Frac Operator	Equipment to safely refuel pumps that push fracturing fluid into oil and gas wells during hydraulic fracturing.
Galileo Advanced Solutions	Electrical and mechanical engineers	Provides equipment to produce CNG and LNG from natural gas.
Gas Technology Institute	Finance, Engineering, Business Development	Develops technology-based solutions using natural gas for industry, government, and consumers
GE	Operations, Engineer, Business Development, Technicians, IT	World leader in advanced technology equipment and services for all segments of the oil and gas industry, from exploration & production to downstream.
Gladstein Neandross & Associates	Sales	Clean transportation and energy consultants
GP Strategies	Engineers, construction, designers, programmers, electricians, maintenance technicians, inspectors, and training.	Recognized leader in the design, fabrication, construction, and maintenance of Liquefied Natural Gas (LNG), Liquefied to Compressed Natural Gas (LCNG) and Hydrogen (H2) fueling stations.
Halliburton	Engineers, Equipment Operators, Drivers, IT, Inspectors, Business Development, Accountants, Technicians, Administrative Services, Scientists	One of the world's largest providers of products and services to the energy industry. With more than 80,000 employees, representing 140 nationalities in approximately 80 countries, the company serves the upstream oil and gas industry throughout the lifecycle of the reservoir – from locating hydrocarbons and managing geological data, to drilling and formation evaluation, well construction and completion, and optimizing production through the life of the field.

Texas Natural Gas Summit

Exhibitor	Types of Jobs Posted	Company Function
Hexagon Lincoln	Technicians, Engineers, HR/Shipping Staff	Largest Type 4 manufacturer in the world
Houston-Galveston Area Council Clean Cities	Planners, contract managers, IT, public information specialists	Operates within the region to reduce air pollution through the displacement of petroleum by promoting and facilitating the usage of alternative fuels, advanced vehicle technologies, and fuel conservation strategies.
J-W Power Company	Technicians, engineers, operators	Industry leader in the leasing, sales and servicing of natural gas compression equipment. J-W Power Company offers a wide range of products, services and solutions designed for engineering companies, retail fuel providers, small businesses or vehicle fleet companies across a variety of industries. Offerings include compressors, storage vessels, controls, dispensers, dryers and odorizers
Linde North America	Drivers, Careers for Students and recent graduates, Engineers, Project Managers, Mechanics and Operators	Industrial gas suppliers who builds innovative products, technology & offers world class services.
Morris + Associates	Engineers	Specializes in the design of oil, gas and fuel storage and distribution facilities
Nabors	Technicians, Electronic and Mechanics, Engineers , Information Technology, Analyst (Purchasing), Floorhands, Field Technicians	Oilfield services, including drilling operations, rig equipment manufacturing, directional drilling operations and drilling instrumentation and software, as well as workover and well servicing, fluids management, stimulation, coiled tubing, cementing, wireline and special services.
National Oilwell Varco	Administrative Support, Assemblers (Electrical & Mechanical), CNC Machinists, Engineers (Drilling, Electrical, Mechanical, Manufacturing, Software), Technicians (Engineering, Gas Measurement, Geosciences), Finance, Geology, Geophysics, Information Technology, Mechanic, Project Managers (Oil & Gas), Scientists (Mathematical, Numerical, Statistical)	Worldwide leader in the design, manufacture and sale of equipment and components used in oil & gas drilling and production, the provision of oilfield inspection and other services, and supply chain integration services to the upstream oil and gas industry.
NGV Texas, Inc.	Technicians, sales	Specialize in performing compressed natural gas conversions on any vehicle from light, medium and heavy duty class.

Texas Natural Gas Summit

Exhibitor	Types of Jobs Posted	Company Function
North Central Texas Council of Governments	Transportation/Air Quality Planner	The North Central Texas Council of Governments (NCTCOG) is a voluntary association of, by and for local governments, and was established to assist local governments in planning for common needs, cooperating for mutual benefit, and coordinating for sound regional development.
Pegasus NGV Trucking	Professional drivers and dispatchers	Transporting oilfield drilling tools. Hot shot service and long haul transportation
Pioneer	Petroleum engineers, geologists, EH&S (environmental, health and safety), financial, accounting, IT, field positions, CDL drivers and multiple levels of administrative support.	One of the most active drillers in Texas' Spraberry/Wolfcamp oil field in the Permian Basin and the Eagle Ford Shale play in South Texas. To date, the company has equipped 264 fleet vehicles to run on bi-fuel engines that use natural gas from Pioneer's own production.
Questar Fueling	Project management and business development	Owns and operates compressed natural gas (CNG) stations. Each publicly-accessible CNG station is designed to specifically serve the heavy-duty truck industry, but all vehicle classes are welcome to fuel at each site.
Railroad Commission of Texas	Accountants, engineers, administration, inspectors, trainers	The state agency that regulates the oil and gas industry, natural gas utilities, pipeline safety, the natural gas and hazardous liquid pipeline industry and surface coal and uranium mining in Texas.
Rush Truck Centers	Service technicians, sales, finance and insurance, shop operation management	Largest network of heavy- and medium-duty truck dealerships in North America.
Ryder	Drivers, technicians	Fortune 500 provider of fleet management and supply chain solutions with a growing natural gas fleet and services capabilities.

Texas Natural Gas Summit

Exhibitor	Types of Jobs Posted	Company Function
Si Energy	Entry level positions with on the job training as well as experienced staff in all areas of natural gas distribution including but not limited to: field technicians, construction, maintenance, measurement, pressure control, dispatch, safety, inspectors, regulatory compliance, supervision, management, and corporate business support roles.	SiEnergy is a rapidly expanding, customer focused utility, providing service to some of Texas' largest master planned communities. We are also highly focused on promoting the development of natural gas vehicle fueling stations.
Southwestern Energy	Administration, engineering, environmental, financial, geoscience, legal, marketing, operations, supply chain management	Fourth largest producer of natural gas in the US Lower 48, primarily engaged in natural gas and crude oil exploration, development and production.
Terracon	Engineers, Environmental Scientists, Materials Technicians	Multi-discipline firm specializing in geotechnical engineering, environmental consulting, construction materials testing, and facilities consulting services.
Texas Gas Service	Technicians, customer service, accounting, IT, administration	Third largest natural gas distribution company in Texas
Thigpen Energy	Natural gas fueling technicians and field service technicians	Provide field gas, CNG and and LNG fueling services for drilling rig, pressure pumping and industrial fueling operations.
Trillium	Engineers, administrative, mechanics, IT, technicians	A leading provider of compressed natural gas (CNG) fueling services as well as a single-source provider of CNG fueling facility design, construction, operation and maintenance. We specialize in fueling fleets that require high-performance solutions.
TruStar Energy	Service Technicians	Designs and builds various CNG fueling systems (Time Fill, Fast Fill or Portable CNG Fueling stations).
UT-San Antonio	Administrative staff, full time faculty and adjunct faculty.	Four-year college offering 66 bachelor's, 52 master's and 24 doctoral programs.
Westport Innovations	Technicians, Engineers, Legal Counsel, Programmers, Sales, Accounting	Sells fueling stations, CNG transportation and storage, natural gas vehicles
